

FlexiBRITE

Flexible LED tubing

Add that “neon look” to any LED-lit sign with the world’s first completely flexible LED tubing. FlexiBRITE is field bendable making it easy to create an endless array of profiles, contours, and patterns on the fly. Ideal for exterior and interior lighting applications such as sign perimeters, letters, symbols, accent stripes, borders, and open-face channel letters.

Mounting Clip & Track

- Extremely flexible LED tubing
- Daytime colour for red and neutral for other colours
- Optically modified silicone extrusion: UV stable, hydrocarbon insensitive, and non-fading
- Convenient mounting clips and mounting tracks
- Can be cut in the field
